

**APRIL 3RD, 2020, EMERGENCY ORDERS AND RECOMMENDATIONS FROM
JACK SMILEY, MAYOR OF THE CITY OF ALTUS, OKLAHOMA**

Altus Municipal Code, Part II, Chapter 14, §14-1 through §14-12, formerly Chapter 9, Article II, §9-26 through §9-35 empowers the Mayor of the City of Altus (“City”) to issue emergency orders during a declared emergency.

An Emergency Proclamation was issued by the Mayor of Altus on March 17th, 2020, and the Altus City Council extended the emergency period and emergency orders until April 7th, 2020, at 6:00 o’clock p.m. for further consideration and possible action. Thereafter emergency orders and amended emergency orders were issued by the Altus Mayor due to changing circumstances, events, knowledge and state and federal directives and recommendations.

On March 24th, 2020, Oklahoma Governor J. Kevin Stitt issued Fourth Amended Executive Order 2020-07 and on March 25th, 2020, Oklahoma Governor J. Kevin Stitt issued Amended Executive Memorandum 2020-01.

The Mayor of the City of Altus has directed that all currently effective emergency orders issued for the City of Altus and all emergency orders issued by the Governor of Oklahoma be combined in a single document and coordinated to aide citizen understanding and compliance and to provide uniformity.

Protection of the health, safety and welfare of Altus citizens and visitors to the City of Altus, as well as support of the local economy and businesses is of paramount concern to the Mayor and City officials and administration. The community spread of the novel coronavirus (COVID-19) in the City of Altus remains a continuing and significant threat to the public health, safety and welfare to Altus citizens and visitors.

Title 11 O.S. §22-120 provides that “[t]he municipal governing body may enact and enforce such ordinances, rules and regulations as it deems necessary for the protection of the public health, not inconsistent with state law; and may establish and regulate hospitals, and provide for their operation and support. The governing body may make regulations to prevent the introduction of contagious diseases into the municipality and may enforce quarantine laws within five (5) miles of the municipal limits.”

Title 21 O.S. §1321.5 provides:

- “(a) Whenever the restrictions imposed pursuant to this act are more restrictive than are required by any other statute, local ordinance or regulations, the provisions of the restrictions imposed pursuant to this act shall govern.
- (b) Whenever the restrictions of any other statute, local ordinance or regulations are more restrictive than the restrictions imposed pursuant to this act, the provisions of such statute, local ordinance or regulations shall govern.”
